When health insurance is not enough, HealthWell fills the gap.

The HealthWell Foundation® is an independent, national non-profit organization that provides financial assistance to **underinsured** Americans living with chronic and life-altering diseases to help them afford critical medical treatments.

If you have insurance (Medicare, Medicaid or private), but still need assistance with your out-of-pocket medical costs, HealthWell may be able to help.

Eligibility is based on your financial, medical and insurance situation. You may qualify if:

- ☑ you are being treated for a disease that we cover
- ☑ your insurance covers your medication; and
- ☑ your income falls within our guidelines.

Our services are free of charge.
