Kathy P.

Myelodysplastic Syndromes - Medicare Access Fund grant recipient

"I had zero income and was without a plan. What became immediately evident was that **I couldn't pay my rent and would soon be homeless. The diagnosis of cancer was a stress all unto itself. But the stress of financial devastation that followed was even worse.** Through a social worker at my clinic, I was connected with HealthWell. With this monthly check from HealthWell, I can afford the copays on my medications and I can buy groceries! Finding the check in the mail is always followed by a sense of relief. "
